

Ramon Schaefer, PhD

Dr. sc. hum.

Ramon Schaefer is working as a research associate and scientific project lead at the Institute for Innovation & Valuation in Health Care (Inno-Val-HC Research Inc.) in Wiesbaden (as of April 2015).

Since May 2017, he has been working as a health economist in the division of health economics at the German Cancer Research Center (*Deutsches Krebsforschungszentrum, DKFZ*) in Heidelberg, and since August 2018 he is also affiliated with the Medical Faculty Mannheim (UMM) / Ruprecht-Karls-University Heidelberg.

He received his PhD in health economics (Dr. sc. hum) from the Medical Faculty Mannheim / Heidelberg University in 2023. Ramon has a master's degree (MA) in innovation management (management, controlling, and healthcare) from the University of Applied Sciences in Ludwigshafen (2013-2015), and he studied business administration & management (BSc) at the Business School Pforzheim / Pforzheim University (2009-2013).
