

HEIDELBERG HEALTH ECONOMICS SUMMER SCHOOL 2026

BASIC PROGRAM
June 25 – 27
2026
NOBIS
Bruneck
South Tyrol, Italy

APPLIED HEALTH ECONOMICS & HEALTH TECHNOLOGY ASSESSMENT (HTA) – A SYSTEMATIC INTRODUCTION

Highly interactive scientific **BASIC PROGRAM** with a limited number of participants, which will provide the opportunity to learn about

- fundamental principles of economic thinking in health care
- cost effectiveness evaluation in theory & practice
- the context-dependent usefulness & limitations of applied health economics
- major tools to assess the effectiveness & efficiency of health care, such as highly specialized medicine & end-of-life care
- HTAs incl. the major challenges & potential solutions in practice, as well as the ethics of priority-setting – enhanced by practical exercises & case studies with ample room for discussions between faculty & participants

INNOVAL^{HC}
Institute for Innovation & Valuation
in Health Care

under the auspices of the
University of Heidelberg
