

**HEIDELBERG HEALTH ECONOMICS SUMMER SCHOOL
2025**

Bruneck, South Tyrol / Brunico, Alto Adige (Italy)
Basic Module, September 11-13, 2025

NOBIS Conference Center at NOI Techpark
Europastrasse 9 / Via Europa 9, I-39031 Bruneck/Brunico

**Applied Health Economics
for Health Technology Assessment**

A Systematic Introduction

*As of July 01, 2025, we can no longer accept applications for the Core Program.
For all who have missed the opportunity, we can offer two attractive options,
which are not mutually exclusive:*

- 1. We have substantially upgraded the former «Intro Module», now «Basic Module»;
now running for three full days while maintaining its highly competitive fee structure.
For topics covered, please see next page!*
- 2. We decided to offer the option to secure places at next year's program
by way of non-binding reservations, effective immediately.*

University of Heidelberg

Presenting Faculty

- **Min Wai Lwin** (Heidelberg, Germany)
- **Anett Molnar** (Heidelberg, Germany)
- Prof. **Maarten Postma** (Groningen, The Netherlands)
- Dr. **Ramon Schäfer** (Heidelberg & Wiesbaden, Germany)
