RECOMMENDED HOTELS

The Tauferer Ahrntal (*Valle Aurina*) valley and the Gadertal (*Alta Badia*) valley meet in the Pustertal (Val Pusteria) valley, where the river Ahr flows into the river Rienz.

Bruneck–Brunico, also known as *the beating heart of the Pustertal (Val Pusteria) valley*, combines the characteristics of this unique region. Fashionable flair meets true South Tyrolean culture reflected in its architecture, rich history, leisure activities, as well as in the mentality of the locals. Not only the vibrant center with its impressive town gates and small churches, and the majestic castle, but also the Kronplatz Mountain (*Plan de Corones*) and the Dolomites nearby are very popular during the summer months.

Most accommodations are located in the town center. We recommend three hotels in Bruneck, which are located particularly close to the Summer School venue.

We have negotiated special discount rates for Summer School participants at these hotels:
